

## Communities for Immunity: Stories about COVID The Peale, Baltimore | 2022

**Timon (00:00):** My name is Timon, and I am 10 years old.

**Speaker 2 (00:03):** And what are you on your way to do right now in the car?

**Timon (00:06):** To do my second vaccine. I feel like it's going to feel the same way as the last one. It made me feel hungry and made my arm sore.

**Timon (00:13):** Yeah, every single time we get a vaccine you get a lollipop and you get a hand sanitizer at this place.

**Speaker 2 (00:19):** So it was pretty quick, huh? Do you think that other kids should go get their shots, too?

**Timon (00:25):** Yes.

**Speaker 2 (00:26):** Why is that?

**Timon (00:28):** So they can stay safe away from the virus.
